About Us

At Shivashrey Global Ventures Pvt. Ltd., quality begins at the source. We work closely with trusted farmers and modern processing units to bring you premium dehydrated garlic that meets global expectations.

Our focus is on purity, sustainability, and consistency – ensuring every product carries the rich essence of Indian agriculture.

From careful selection to hygienic dehydration and secure packaging, every step reflects our commitment to delivering natural goodness to kitchens and industries worldwide.

Our Mission

Our mission is to deliver premium dehydrated onions, garlic, vegetables, fruits, and spices that meet global quality standards while staying true to nature. By embracing sustainability, farmer empowerment, and eco-conscious practices, we ensure every product preserves its natural taste and nutrition. With advanced processing, timely delivery, and transparent operations, we strive to be a trusted partner for industries worldwide.

Our Vision

Our vision is to be a globally recognized leader in dehydrated food ingredients, known for sustainability, innovation, and ethical sourcing. We aim to give back to nature, support farmers in adopting pesticide-free agriculture, and nurture biodiversity. Through our commitment to quality, responsibility, and community growth, we seek to create a healthier, more sustainable future for our customers, farmers, and the planet.

Dehydrated vegetables

Our dehydrated vegetables are carefully processed using advanced drying technology to preserve their natural color, taste, and nutrients. Sourced from premium-quality fresh produce, they are 100% natural, chemical-free, and shelf-stable, making them ideal for use in instant foods, soups, sauces, ready meals, and seasonings.

Product overview

Shivashrey Global Ventures Pvt. Ltd. offers a diverse range of Dehydrated Vegetables, going beyond onion and garlic – providing global importers, food processors, and seasoning manufacturers with value-added, long shelf-life, low-moisture ingredients that retain their natural flavor, color, and nutrition.

All our vegetables are processed in a hygienic, controlled environment to ensure quality, safety, and consistency, without any added preservatives or artificial colors.
